Road CLOSURE Notice

Tampa Airport Interchanges

Tampa, Florida

Project Number 255844-1-52-01

January 5, 2007

What road will close?

Map on back

Frontage Road (East), which is parallel to the east side of State Road 60/Memorial Highway, *will be closed to through-traffic* between Cypress Street and Laurel Street. O'Brien Street (located one block to the east) will serve as the alternate road.

- The affected portion of Frontage Road is between Laurel Street and Cypress Street. Frontage Road will be closed at Laurel Street.
- All businesses located on Frontage Road north of Laurel Street, along with the Social Security Building, can be accessed by way of eastbound Spruce Street or by way of O'Brien Street and Laurel Street.
- The traffic signal at the intersection of Frontage Road/Spruce Street will be removed and this intersection will become "right in" and "right out" movements only. Access to Frontage Road will not be available from westbound Spruce Street.
- New traffic signals will control the intersections at O'Brien Street/Spruce Street and O'Brien Street/Cypress Street. O'Brien Street will serve as the new link between Spruce Street and Cypress Street.

When will Frontage Road close?

Frontage Road will close to through-traffic between Cypress Street and Laurel Street beginning on or shortly after Tuesday, January 9, 2007. Frontage Road will remain open from Spruce Street to Laurel Street.

How long will Frontage Road be closed?

This temporary construction closure will last about 2 years.

Frontage Road's Future

Once this project is completed, Frontage Road will be closed permanently to through-traffic at Laurel Street. O'Brien Street will become the new access link between Spruce Street and Cypress Street. Frontage Road will be open from Cypress Street to Laurel Street and from Spruce Street south to the southern entrance to the Concourse Center office park. There will be no Frontage Road between Laurel Street and Concourse Center.

For More Info

For information regarding this road closure, please also see the map on the back or contact our project office at (813) 281-9069.
